**PRELIMINARY AMENDMENT and
RESPONSE TO NOTICE TO FILE MISSING PARTS**

Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

This is a response to the Notice mailed 28 September 2000. A petition for a two-month extension of time accompanies this response.

AMENDMENT

Please amend the application as follows:

IN THE CLAIMS:

Please amend the claims to read as follows:

- 1. Apparatus for performing electrophoresis on a patient's eye comprising:
- a composite contact lens structure having:
 - a conductive outer shell;
 - a contact lens for contacting a patient's eye; and
 - a drug for dilating a patient's eye or reversing dilation of a patient's eye.
